

**THE HIGHEST STANDARDS**

Always set and deliver the highest standards: never settle for less.

**INVEST TO ACHIEVE**

Care about the now; create the very best for your future.

**EVERYONE IS VALUED**

We are unique individuals working together to be the best.

**NO EXCUSES**

Create solutions, not excuses.

**NEVER GIVE UP**

Resilience is essential; self-belief drives improvement.

**CULTIVATE YOUR CHARACTER**

Qualifications open doors; your character gets you through them.

	Initial Designs	2D Designs	Polymer Theory	Cutting	Filing and Polishing	Drilling and Assembly	Finishing & Review		

How does this year deliver your curriculum intent?

Y8 builds and extends the skills you developed in Y7 – you will learn about a wider range of techniques, equipment and processes which are used to make products or create pieces of work. Your teachers will assess missed learning during practical activities and ensure that gaps in knowledge are addressed throughout Y8 projects. This careful instruction and coaching allows you to work with greater independence as you move through your technical and creative work acquiring knowledge, understanding and skills, allowing you to make informed decisions about equipment, materials or ingredients and the way you work.
