How does this year deliver your curriculum intent?		Students will refine their performance skills; voice & physicality, interpretive skills and learn appropriate rehearsal techniques to fulfil the creative intentions and purpose of different practitioners & styles of theatre. They will engage with more challenging practitioners to expand their devising skills. They will continue to develop their personal and social skills through group work, enhancing communication and mutual responsibility. At the end of the year students will be assessed on their subsidiary & disciplinary knowledge. A practical & theoretical assessment will take place during lessons, which will focus on knowledge and understanding of units covered.
