How does this year deliver your curriculum intent?

In Year 10 you will:

- Complement the groundwork you have already made in French and support your progression and growth as a linguist.
- Develop your French conversational skills, manipulating language with increasing accuracy in a variety of time frames and contexts.
- Learn how to respond appropriately to written and spoken language.
- Revisit and reinforce your grammar skills and vocabulary on a range of topics which you will have covered at KS3 whilst embracing new themes such as equality, and mental and physical wellbeing.
- Begin to become aware of the structure and requirements for success on each of the GCSE papers.
