A Warm Welcome!

TSF Partnership - Football Academy Scholarship Vision

Deliver an exceptional football scholarship programme that empowers students through education and football to realise their worth and importance and highlight the power they hold to impact both the team's outcomes, and their personal journeys. Develop an understanding that football helps develop talent, dedication and leadership, shaping tomorrow's champions on and off the field.

The Programme

The TSF Partnership - Football Academy Football Scholarship Programme offered at Maltby Academy is a unique opportunity for talented 16–19-year-old footballers, to secure a pathway into semi-professional football, whilst studying at a highly successful sixth form. The scholarship is an elite football development programme and ensures students access a first-class football experience, creating positive life-long memories and enhance their educational qualifications.

All players on the scholarship programme will undertake 3 A Levels and/or BTECs during the 2 years on the programme, with possible opportunities to acquire work-based qualifications such as the Introduction into Football Coaching and/or the FA Referee's Course. The students will access a high-quality football provision working with UEFA A and B coaches who have previously coached/played within the professional game.

The Offer

All those enrolled onto the scholarship programme undertake A Levels or applied qualifications alongside their football programme.

The scholarship provides students with:

- A football coaching programme delivered by UEFA A/B licenced coaches
- Training sessions that focus on technical/tactical detail, team and individual analysis, and a one-to-one development programme, alongside strength and conditioning
- Veo camera technology, recording all games
- Access to state-of-the-art training facilities, including an FA affiliated floodlit 3G pitch
- A comprehensive league and competition structure on Wednesday afternoons
- Scholarship pathways in America
- Opportunities to participate in overseas tours
- Work experience opportunities

Meet the Team

Coaching Staff Qualifications & Experience:

Our football scholars have the opportunity to access some exceptional coaching from a highly skilled coaching team, we are privileged to have experienced and knowledgeable football coaches that will guarantee student progression.

Andrew Glossop

Football Development Officer

UEFA B Licence qualified coach. Andy has experience in the men's and women's game, both as a development coach and a 1st team manager. Andy has previously coached with local academies, talent pathways from U12-16 range, coached abroad in China, Most recently, Andy spent 4 years at Barnsley Women's Football Club, who play in the Women's National League (4th Tier), 2 years as an assistant manager and 2 years as manager.

Mr Elliott Flowers

Lead of Football Development across the MLT

Prior to joining Wath, Mr Flowers worked for a variety of professional clubs including Chesterfield, Leeds United and Peterborough United. He has worked in both the elite male and female academy system. Mr Flowers holds both a BSc and MSc Sport Coaching degrees. In February 2022, he took the role of Lead of Football Development, working across the Maltby Learning Trust to develop football.

In addition to our lead coaches, we are supported by a wider team of UEFA-qualified staff who contribute to the delivery of high-quality training sessions and matchday support, further strengthening the overall scholarship experience.

Our Facilities

All scholarship players have access to top class facilities in the Academy Sports Centre, supporting players to perform at the elite level. Video analysis is a massive part of our programme, reflecting on games and improving tactical understanding of the players. Our outstanding facilities allow us to invest in the physical development of our players, maximising plyometric, activation and weight training exercises.

State of the art facilities include:

- VEO Sports Camera
- 3G full size floodlit astro-turf pitch
- Strength and conditioning studio
- Fitness suite
- Video analysis suite
- High quality grass pitches
- PlayerData GPS Vests
- Maltby Main Home Ground
- New State of the Art Sixth Form Building

"Video analysis is a massive part of our programme, reflecting on games and improving tactical understanding of the players."

veo

Veio is an automated camera solution that enables sports teams to record and analyse matches and training sessions without the need for a camera operator. Veio films the whole pitch at once, and then uses AI to process the game, track the ball and automatically clip key events. All HD footage is upload to an online portal – which is easily accessed by players and coaches alike.

**Students will also get 3 to 4 free periods, which will fall in the "education" periods. This will depend on subjects studying and timetabling.

Competitions

Our boys' and girls' teams have the opportunity to compete in a wide range of competitive fixtures throughout the year. These include both national and regional leagues, as well as various cup competitions, offering valuable match experience against strong opposition. This structure ensures our players are regularly challenged and can showcase their abilities in meaningful, high-level environments.

Progression & Experience

Experience:

The scholarship programme provides an exceptional learning experience that mirrors professional football clubs:

- Performance analysis
- Record matches and training
- Analyse matches and training
- Sports photography
- Social media
- Journalism
- Match days
- Coaching & Physiotherapy

Overseas Football Tours:

On the scholarship programme we run an overseas football tour. Providing the students with an opportunity to play abroad is a great learning experience and an important tool in creating positive life-long memories. The scholars learn so much and benefit from playing and watching football of a different style and culture. We have recently visited Murcia, Barcelona and Dusseldorf as part of the football tour.

Progression Opportunities:

There are many different progression routes our scholars have taken following completion of their scholarship programme. We have developed players that are now playing regular Evo-Stick or NCEL Football whilst continuing their education through University in the UK and in the US as part of an overseas scholarship programme. Others are now enjoying full time employment drawing on their experiences from the scholarship programme.

Progression - Football:

- Professional football
- Semi-professional football
- America – football scholarship
- Coaching & Refereeing certificates

Links to US College Scholarship Providers:

We have strong links with specialist companies that provide football scholarships in America. The students who perform to a high level both academically and on the football pitch will have a better opportunity to gain a US scholarship.

Based on this preparation and the strong relationships we have forged with our partners, many of our scholars have progressed through the programme gaining either a part or fully paid football scholarship in the US.

Testimonials

I am very grateful for the opportunity I have been given at the TSF Partnership Football Academy. Andy and the rest of the coaching staff are excellent and offer a very high level of coaching which has helped me progress and become the best player I can be. It's a great atmosphere to work within, which makes me enjoy my football a

lot more and anyone who is still looking to play at a high level and get an education should definitely look here.

Director of Sixth Form
Maltby Academy

Mr Dobson

Director of Sixth Form
Sir Thomas Wharton Academy

Welcome to Sixth Form

Sixth Form will be a new phase in your life and will feel different from your previous experiences.

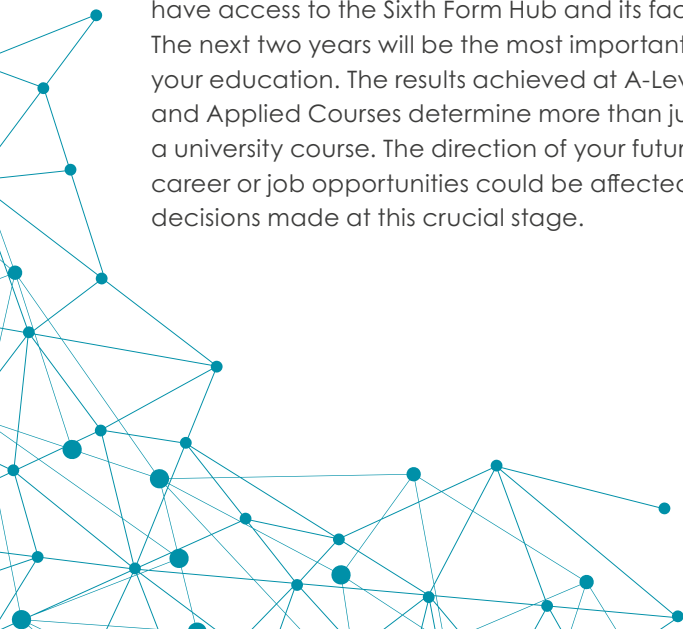

The relationship with your teachers will change as you will be expected and encouraged to take more responsibility for your own learning. The Sixth Form team, your tutors and teachers will work closely with you to develop academically and gain the knowledge, skills, and experiences to succeed in later life. As part of Sixth Form, you will have more freedom, but with the added responsibility of being a respected senior member of the academy.

You will have more control over your own time and have access to the Sixth Form Hub and its facilities. The next two years will be the most important in your education. The results achieved at A-Level and Applied Courses determine more than just a university course. The direction of your future career or job opportunities could be affected by decisions made at this crucial stage.

If you have the motivation to study and work hard, the determination to succeed and the willingness to be involved in all aspects of Sixth Form, you will find your time here extremely rewarding.

Our aim is to support you through this important stage of your education and prepare you for the demands of higher education and employment, whilst providing you with the opportunity to think independently and experience new activities.

We look forward to welcoming you.

All scholarship players will complete 3 A Levels and/or BTECs over 2 years, with opportunities to earn work-based qualifications like the Introduction to Football Coaching and the FA Referee's Course.

Scholarship FAQs

How long is the course?

The course is generally a two year programme at The Sixth Form Partnership.

Who is it for?

It is for boys and girls who are between 16 - 18 years of age that want to further their knowledge, understanding and ability in football whilst at the same time gain a first class academic education.

What qualification will I gain?

The Sixth Form Partnership provides a broad range of specialist pathways from full academic A levels, to a mix of A levels and BTEC qualifications to fully vocational BTEC courses. This will depend on your previous qualifications at GCSE and your future career aspirations.

Where do I study?

You will study at both Maltby Academy and Sir Thomas Wharton Academy.

Where do I train?

You will train at Maltby Academy using the new 3rd generation astro-turf; strength and conditioning studio; fitness suite and video analysis suite.

What type of training will I receive to help me progress?

Training will be based on improving you as players on all aspects of the game, with sessions concentrating on a player's technique, tactical, psychological and social development. This may also involve footage of your very own Scholarship games that will be played back to you in our analysis sessions to aid further player development.

Who will be teaching me?

Fully qualified teachers will be responsible for delivering your chosen academic or vocational courses, whilst our licensed coaches, who have experience in professional and semi-professional settings, will provide your football coaching and development.

Do I get a kit?

As part of the TSF Partnership Scholarship programme, it is compulsory that all players purchase our kit package. The total cost of the kit package is subsidised. All scholarship players must wear their TSF Partnership kit for both training and match days. The kit will be given to players when they start on the programme in September.

Can I still play for a Local Football Club if I am on the scholarship?

The scholarship programme is delivered between 8am and 5pm, Monday - Friday, so does not affect the opportunity for students to participate with local football clubs.
