

THE HIGHEST STANDARDS

Always set and deliver the highest standards: never settle for less.

INVEST TO ACHIEVE

Care about the now; create the very best for your future.

EVERYONE IS VALUED

We are unique individuals working together to be the best.

NO EXCUSES

Create solutions, not excuses.

NEVER GIVE UP

Resilience is essential; self-belief drives improvement.

CULTIVATE YOUR CHARACTER

Qualifications open doors; your character gets you through them.

2,2 Split - Teacher 1 Year 9

	Week 0	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8

Half Term 6	Week 33	Week 34	Week 35	Week 36	Week 37	Week 38	Week 39			
	Organisation									
How does this year deliver your curriculum intent?		In Year 9, students build on their learning from Years 7 and 8. As well as recapping key material from years 7 and 8, to ensure the knowledge and skills are secure, they will also develop new knowledge across each of the Biology, Chemistry and Physics subjects taught. Although Year 9 is the first year of the three year GCSE course, many of the concepts and processes covered this year have been covered in Years 7 and 8. This year has been designed to act as a transition across the two key Stages.				What does the end of year assessment look like?		At the end of Y9 students will complete a test for 80 minutes that will reflect the substantive knowledge and disciplinary skills from this academic year. The test will include three questions from Biology, Chemistry and Physics. The test will be GCSE level content and format and include a mixture of short response, longer response and maths based questions. It will allow gaps to be closed prior to moving into Y10.
