

THE HIGHEST STANDARDS

Always set and deliver the highest standards: never settle for less.

INVEST TO ACHIEVE

Care about the now; create the very best for your future.

EVERYONE IS VALUED

We are unique individuals working together to be the best.

NO EXCUSES

Create solutions, not excuses.

NEVER GIVE UP

Resilience is essential; self-belief drives improvement.

CULTIVATE YOUR CHARACTER

Qualifications open doors; your character gets you through them.

	Week 33	Week 34	Week 35	Week 36	Week 37	Week 38	Week 39		
Final Examinations									

How does this year deliver your curriculum intent?

Over this year Y13 students will cover Unit 1 – Written Exam and Unit 5 – Spreadsheet Modelling. Students will enhance their knowledge of key applications taught during their KS3/4 studies. During this course students will develop cognitive and problem-solving skills such as critical thinking, problem solving and creating solutions alongside interpersonal skills such as communicating, working collaboratively, self-management, adaptability and resilience. In both units, students acquire key technical skills which will help them to become highly recruitable for a variety of job sectors. Students will have completed all 4 units of the specification over Y12/13 and will progress onto an aspirational course in further education or be accepted onto a successful apprenticeship opportunity.
