Global Governance: What are the driving forces towards todays economy and society?				Contemporary Urban Environments					

<p>How does this year deliver your curriculum intent?</p>	<p>This is the first year of A level study. Each lesson will be challenging and well-structured so that you can make progress towards an A* grade. Your teachers are highly experienced assessors of the A level and so you will receive focused guidance to ensure that you make excellent progress. The geographical content is wide ranging and you will be required, for example, to build your knowledge of global institutions such as the EU, complex physical processes within the lithosphere, and the nuanced interactions that take place within the atmosphere.</p>
