How does this year deliver your curriculum intent?	<p>In Y9 DT students are confidently applying their knowledge and skills when designing and making products and can explore and investigate using a broad range of materials and ingredients. This year will prepare students to contribute to the modern world by having the ability to explore design problems for themselves, address the solutions by undertaking research activities whilst considering the needs of individuals within our community and the wider world.</p> <p>In Y9 Art students develop their skills in using the formal elements so that they are more confident artists and have the visual language to communicate in a more sophisticated way, showing more independence and confidence.</p>
